VLC SPICES PVT. LTD.

Who are we

VLC spices is committed to deliver high-quality Indian spices. We are delivering spices globally from our state-of-the-art facility close to the port, assuring the client's orders reach quickly and perfectly. With our in-depth understanding of prevailing and forthcoming food industry trends, we offer solutions that redefine spices as you see them.

VLC Spice Company is engaged in crafting palatable flavors with natural colors and aromas of spices at most economic prices to meet the culinary needs of spices for the global food industry.

VLC offers a range of spices in various packaging to meet the unique demand of the food industry supplying spices ensuring end-to-end food safety.

We are thrilled to present our newest venture, THE CHEF CO. by VLC SPICES, now accessible in India. You can confidently expect top-notch spices featuring unparalleled flavor, freshness, consistency, and purity, all at an affordable price.

Vision & Mission

We believe in making long relationships with our clients by providing them unadulterated products.

VLC spices is known as a quality wholesale spice provider all over the world.

Our mission is to source the finest quality spices, process and blend them with optimal quality standards, and supply them in their purest form.

Our Infrastructure

We have spent a lot of time and capital to erect our Factory in Navi Mumbai. It comprises of Processing Floors, Grading Floor, Packing Floor, Blending Room and Container Loading area.

We use Best in Class Hammer Pulverizers along with Micro Pulverizers to get a perfect grind. We have interlinked the Pulverizers to get a Hands Free process, also further attaching a Sieving machine to get a Uniform Grind.

The process is 100% Hands free, we go through a grading process and metal scanning process, before goods are fed to the feeder.

The Pulverizer have Chilled air passing through the Spices at 5C degrees to reduce product temperature while grinding by 20C - 35C degrees, which will retain the aroma, taste, colour and shelf life.

After we process the products we package them. In-House Packing Machines enables us to pack products with High Speed and Hygiene. It is vital for the products to be packed in their Final Packaging after its ground or blended to retain the aroma, taste, colour and shelf life.

Our Infrastructure

Private Labelling

“

With our expertise in whole spices, ground spices, blended spices, curry powders, and baking spices, VLC Spices has also ventured into the private labelling category.

Private labelling enables our customers to leverage their brand image and enhance brand loyalty.

VLC Spices is one of India's private-label spice manufacturers with a guarantee of top-quality premium products.

Our team of experts ensures that the finest and freshest raw materials are selected and processed carefully at every step to obtain superior-quality end products. We are committed to providing premium quality, unadulterated products with the highest degree of hygiene to every household.
